AGREEMENT ON OBTAINING ADDITIONAL GFE UNITS

DECEMBER 19, 1958

At a meeting held on this date a resolution on the problem of obtaining GFE units for GE System Qual and vibration testing was reached.

GE has received six unqualified GFE units for drop testing, and will receive 13 qualified units for flight. An additional two units needed for the above mentioned tests will be obtained in the following manner.

- a) GE will send two of the unqualified units to N.Y. for qualification by 12/29/58
- b) GE will attempt to utilize the four remaining unqualified units for the six drop tests. In the event this cannot be accomplished LMSD will take steps to furnish additional units to GE to complete the drop test program.
- c) The units referred in (a) will be used in the System Qual and Vibration Testing.
